WHOLESALE 1942 TRADE LIST

Ferndale Nursery

ASKOV, MINNESOTA

To The Trade:

To our many customers and friends in the Nursery trade we extend greetings. We appreciate the favors you have shown us in the past and shall endeavor to merit your confidence in the years to come.

TERMS—

To customers who are known to us, or who can furnish satisfactory references, we will ship stock on 30 days credit, unless other terms have been agreed upon. Persons unknown to us or with whom we have had no credit dealings must give trade references and allow sufficient time for investigation. To insure prompt shipment of rush orders, persons unknown to us should send money order to cover cost of stock and packing.

PACKING—

Prices quoted in this catalog **DO NOT INCLUDE PACKING AND BOXING.** This service will be charged for at actual cost of labor and material used.

C. O. D. SHIPMENTS—

Orders for stock to be shipped C. O. D. must be accompanied with 25% of the amount of the order.

PARCEL POST SHIPMENTS—

Cash with orders to be forwarded by parcel post **MUST** be accompanied with sufficient cash to cover parcel post charges, otherwise stock will be shipped by express.

SHIPPING INSTRUCTIONS—

We prefer to have customers give explicit shipping instructions as to how stock is to be forwarded—freight, express or parcel post. Where method of forwarding is not specified or is left to us, we shall use our best judgment as to safest and cheapest method.

Prices are WHOLESALE to THE TRADE only and subject TO CHANGE without notice. Use printed letter-head or Inspection certificate with first order.

All orders are accepted with the understanding that same shall be void should any injury befall our stock through frost, hail, drouth, or any other cause beyond our control.

GUARANTEE—

We guarantee all stock to be true to name and in good condition when it leaves our grounds. We exercise every possible care to have all plants and trees true to name and will, upon proper proof, replace free of charge or refund full purchase price of any tree or plant sent out by us that may prove untrue to label.

We do not guarantee stock to live and no allowance will be made for stock which fails to live after planting.

CLAIMS—

All claims for shortage and unsatisfactory stock **MUST BE MADE WITHIN TEN DAYS** from date of delivery. Claims for shortage, damage or delay in transit should be made to transportation company when stock is called for at freight or express depot.

Telephone Orders

Call Ferndale Nursery, 43-M, ASKOV, MINN.

Telephone orders will be received up to 10 o'clock p. m. every day in the week including Sundays and such orders will be given "special handling" the following morning.

We have established a reputation for quick service and aim to maintain the reputation.

GREENHOUSE SERVICE—

We operate a greenhouse and do a general retail floral business. We solicit orders for flowers to be delivered to the following Minnesota towns: Askov, Bruno, Finlayson, Hinckley, Kerrick, Sandstone, Sturgeon Lake and Moose Lake. Telegraph and telephone orders given prompt attention.

INSPECTION—

The stock of the Ferndale Nursery has been duly inspected by an authorized State Inspector, and found free from injurious disease and insect pests. Certificate of such inspection will accompany all shipments.

Evergreens

SEEDLINGS AND TRANSPLANTS

During the past 10 years we have sold many million evergreen seedlings and transplants. Our soil and climate are ideal for production of sturdy plants and special care is given to lifting and packing, assuring customers of receiving high grade plants in the best of condition.

Orders can not be accepted, at listed price, for less than 50 seedlings or 25 transplants of one size and variety.

25 transplants, 50 seedlings at 100 rate; 300 at 1,000 rate.

Special Notice

Our spring season for handling B&B Evergreens is usually of very short duration. During a brief period of only a few weeks we are called upon to move thousands of these trees which requires careful planning of work schedule. To assist us in operating on an efficient and economical basis we are obliged to require that all orders to be called for by truck be in our hands at least two full days before truck calls for them. Wholesale orders will not be dug on Sundays.

SPECIMEN TREES, BALLED AND BURLAPPED

CARLOADS: For prices on full carloads loaded in bulk write for special prices.

TRUCKLOADS: We are in position to quote very reasonable prices on full truckloads of evergreens delivered anywhere within reasonable distances. Write for delivered prices on full truckloads.

Our specimen evergreen trees are well and favorably known to nurserymen and landscapers in the northwest and we guarantee them to be satisfactory in every way. We can nearly always supply trees of various sizes in a grade which is not quite up to specimen. The price of such trees will be 60% of the price of a specimen grade for same variety and size.

Hardy Ferns

Hardy ferns still maintain their popularity for general planting. For shade or sun—for bog or dry hillside. For woodland, fernbed, rock garden, border or foundation planting there are suitable hardy ferns to be obtained.

Our list includes 25 varieties which experience has proven to be well adapted and easily grown under cultivation.

Dormant roots can be shipped until the middle of June.

Hardy Fern Varieties

Letters preceding common name of fern indicates adaptability of variety to growing conditions. R—adapted for rock garden; B—for bog or wet location; S—for shady places; O—open sunny location. Varieties well adapted for foundation plantings are so indicated.

Shredded Sedge Moss

Practically the same as peat moss imported from Holland except not quite so dry. Excellent for mulching and to mix with soil for acid loving plants such as ferns, arbutus, bearberry, gentians and many others. Also excellent to mix with heavy soil to prevent baking and packing and to hold moisture.

100-lb. sack, \$1.50, or 50-lb. sack for \$1.00. Should be shipped by freight.

Rock Garden Plants Wild and Perennial Plants

For the season of 1942 we are again offering a wide assortment of NORTHERN GROWN, hardy perennials and Wild Flowers.

Some few varieties have been dropped from our list and new ones have been added. The demand for wild flowers has increased tremendously during the last few years and being in touch with collectors throughout the United States, we are constantly adding to our list such wild flowers as have real merit and which deserve a place in the wild flower garden. We believe this demand will continue to increase and landscapers especially should not overlook this source of additional business. There is hardly a planting which can not be improved by a judicious use of some ferns and wild flowers.

Many of the varieties we list can be supplied in large clumps for immediate effect at double the price of 2-year plants.

The following index indicates adaptability of plants:

S—plants requiring shade.

R—plants well adapted for rock gardens.

O—preferring open sunny locations.

B—border plants.

T—trailing plants.

C—suitable for cut flowers.

W—of special merit for wall garden.

M—for bog, marsh or moist location.

*—indicates wild plants.

Prices quoted in this list are for 1 and 2-year old plants dug with bare roots and packed in damp moss. Large plants dug with earth on roots and B&B will be charged for at double the bare root price with a minimum of 20c for one plant.
